Industry

Clean Energy / Home Technology

Voice and Tone

Volta speaks with confidence and clarity. We are direct without being cold, and friendly without being casual. We avoid technical jargon and speak to homeowners as intelligent adults.

Tone Keywords

Clear, Direct, Grounded, Optimistic, Human

Words to Avoid

Revolutionary, Disrupting, Leverage, Synergy, Ecosystem

Words to Use

Simple, Reliable, Yours, Home, Clean, Everyday

Writing Style

Short sentences. Active voice. No passive constructions. Lead with the benefit, not the feature. Never use exclamation marks.

Visual Identity

Primary Colours

Volta Blue: #1A4BFF

Off White: #F5F5F0

Accent Colours

Spark Yellow: #FFD600

Colour Usage Notes

Blue is used for CTAs and headings only. Off White is the default page background. Yellow is used sparingly for highlights and never as a background.

Primary Font

Inter (all weights)

Secondary Font

Georgia (body copy only)

Logo Rules

Do not stretch the logo. Do not place on a busy background. Minimum clear space is equal to the height of the V in Volta on all sides.

Target Audience

Homeowners aged 30-55 who care about reducing their energy bills and environmental impact. They are practical decision makers, not early adopters. They want proof that something works before buying.

Audience Interests

Sustainability, Home improvement, Energy independence, Cost savings

Audience Pain Points

High electricity bills, Uncertainty about solar ROI, Complexity of energy products, Fear of being locked into contracts

Content Pillars

1. Education - how home energy storage works
2. Proof - real customer stories and results
3. Product - honest feature communication

Social Tone

Conversational but never flippant. Helpful and specific. No corporate speak. Respond to comments within 24 hours.
